## ABOUT SECOVE

SECOVE – Sustainable Energy Centres for Vocational Excellence is an international cooperation project funded by the European programme Erasmus+. Its main objective is to create a transnational network of Centers of Vocational Excellency (CoVE) across 5 European countries (Greece, Spain, Italy, Slovakia and Portugal).

The objective of SECOVE network is to mainstream a culture of **excellence** in the area of **Vocational Education** and Training in the realm of **Sustainable Energy**. This will be done by approaching different dimensions namely, but not restricted to: opportunities for mobility across Europe, quality, cooperation with the industry and VET inclusiveness and attractiveness.

The SECOVE partnership includes **22 organisations** such as Universities, VET schools, research centres, networks, chambers of commerce and companies, will work for **48 months (2022 – 2026)** to establish the European and national SECOVE Centres of Vocational Excellence (CoVEs).

## BE PART OF SECOVE

The core result of the project **SECOVE** will be the establishment of 5 **national CoVEs** in Greece, Spain, Italy, Slovakia and Portugal, working to mainstream a culture of **Excellence**.
